HIGHLIGHTED CONTRACTS

Certified ✔ SBA WOSB Woman Owned Small Business FEDERAL CONTRACTING PROGRAM | HUBZone Historically Underutilized Business Zone CERTIFIED | SBA 8(a) Certified | SDVOSB CVE

Department of Commerce

SSC provides administrative support, program analysis, and specialized training to enhance operations involving surveillance and operational technology. We also conduct case management and operations for sensitive programs for the Office of Export Enforcement (OEE).

Army National Guard

SSC provides comprehensive support for the Service Member and Family Care (SMFC) programs across multiple states to include Behavior Health Counseling, Case Management, Veteran Assistance, Employment Support, Health & Wellness Coaching, and logistics operations for the Central Issue Facility.

Department of Navy

SSC conducts Business Process Reengineering (BPR) and IT support services to optimize the DoN BCNR's ERP implementation of the ATLAS Integrated Tracking System. This includes process evaluation, change management, data migration, analytics, and training support to enhance efficiency and decision-making.

Department of Defense

SSC supports contracts with the Army, Navy, Air Force, and other agencies, providing inventory & asset management, supply support, equipment maintenance, warehouse operations, and shipping of deployment packages. We also support acquisition, contract management, and product procurement across the VA and DoD with multiple MACs.

CORE COMPETENCIES

★ Program Management

Strategic program management ensures risk mitigation, stakeholder coordination, cost control, and compliance, driving successful, on-time, and high-quality project execution.

★ IT Support Services

SharePoint Development, Help Desk Tier 1-3, Cybersecurity, cloud solutions, and other IT support services to ensure secure, scalable, and efficient operations.

★ Logistics and Supply Chain Management

Supply chain optimization, warehouse management, procurement, and asset monitoring ensure efficient, cost-effective, and compliant operations with proactive maintenance and real-time tracking.

★ Facilities Operations and Maintenance

Construction and facility management ensure safe, efficient, and compliant operations through design-build solutions, preventative maintenance, asset management, and infrastructure oversight.

★ SaaS Application Development

TrackHubs, our CRM solutions for product support, delivers high-quality services and products designed to streamline business operations.
